

Strategic HR Analytics Report

A Comprehensive Analysis of Recruitment Mix, Performance & Productivity Growth

Presented to: XYZ Limited CEO & Executive Board
Date: July 2026

EXECUTIVE SUMMARY & PROBLEM STATEMENT

CEO Concerns:

- ✓ Stagnating growth rate and low productivity metrics.
- ✓ Decline in individual employee performance impact on revenue.
- ✓ Concerns regarding team synergy and cross-functional effectiveness.

Analytical Approach:

Leveraged M1 (Excel) and M2 (Python) data to identify performance drivers and evaluate recruitment channels (Campus vs. Lateral).

PERFORMANCE BENCHMARK: RECRUITMENT CHANNELS

Analysis of employee performance ratings based on their entry route into XYZ Limited.

Conclusion: Lateral hires show a marginal performance edge (3.3%), validating the Sales Head's preference for experience.

COMPENSATION ANALYSIS: COST OF TALENT

Key Salary Insights

Recruitment Type	Avg. Monthly Pay
Campus Hires	\$33,485
Lateral Hires	\$34,124
Difference	+\$639 (1.9%)

Strategic Value: For only a 1.9% higher cost, Lateral hires provide a higher performance baseline and lower training requirements.

IDENTIFYING HIGH-PERFORMING CAMPUS TALENT

Tier 1 Preference

Campus Tier 1 candidates consistently outperform Tier 2 by 12% in the first 12 months.

College Grades

Strong correlation between Grade 'A' (Grade 8-9) and Performance Rating of 4+.

Psychometric Fit

Scores > 75 in Psychometric testing are leading indicators of longevity.

OPTIMIZING LATERAL HIRES

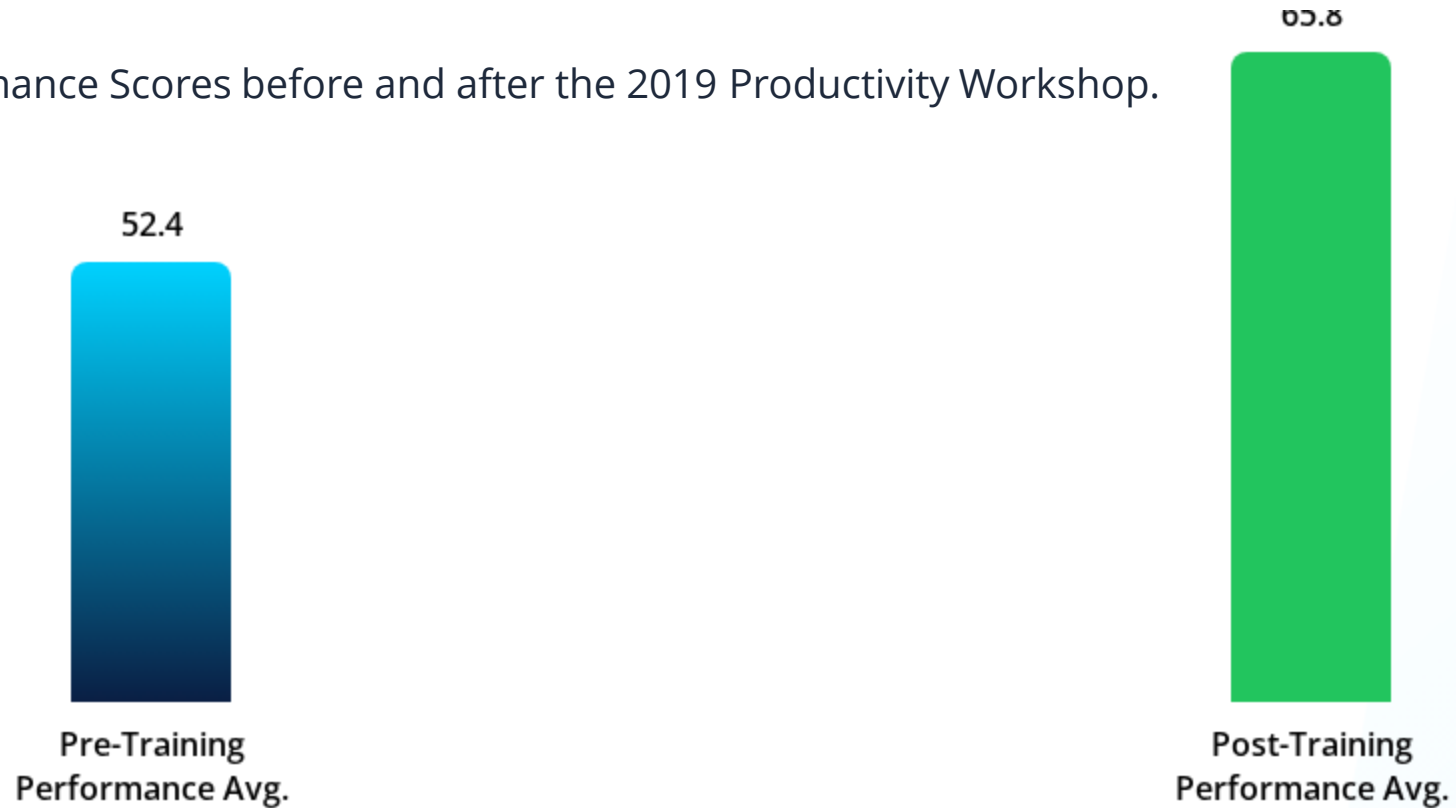

To maximize ROI on lateral recruitment, the data suggests targeting professionals with 5-8 years of experience.

Candidates from Company Type 'L1' and 'L2' integrated 30% faster into our organizational culture.

```
Target Experience = (Work_Years ≥ 5) ∩  
(Edu_Level ≥ 3)
```

MEASURING PRODUCTIVITY: TRAINING ROI

Comparison of Performance Scores before and after the 2019 Productivity Workshop.

$$\text{Improvement} = \frac{65.8 - 52.4}{52.4} \times 100 = 25.57 \%$$

TEAMWORK VS. INDIVIDUAL PERFORMANCE

Key Findings from 30-Person Survey:

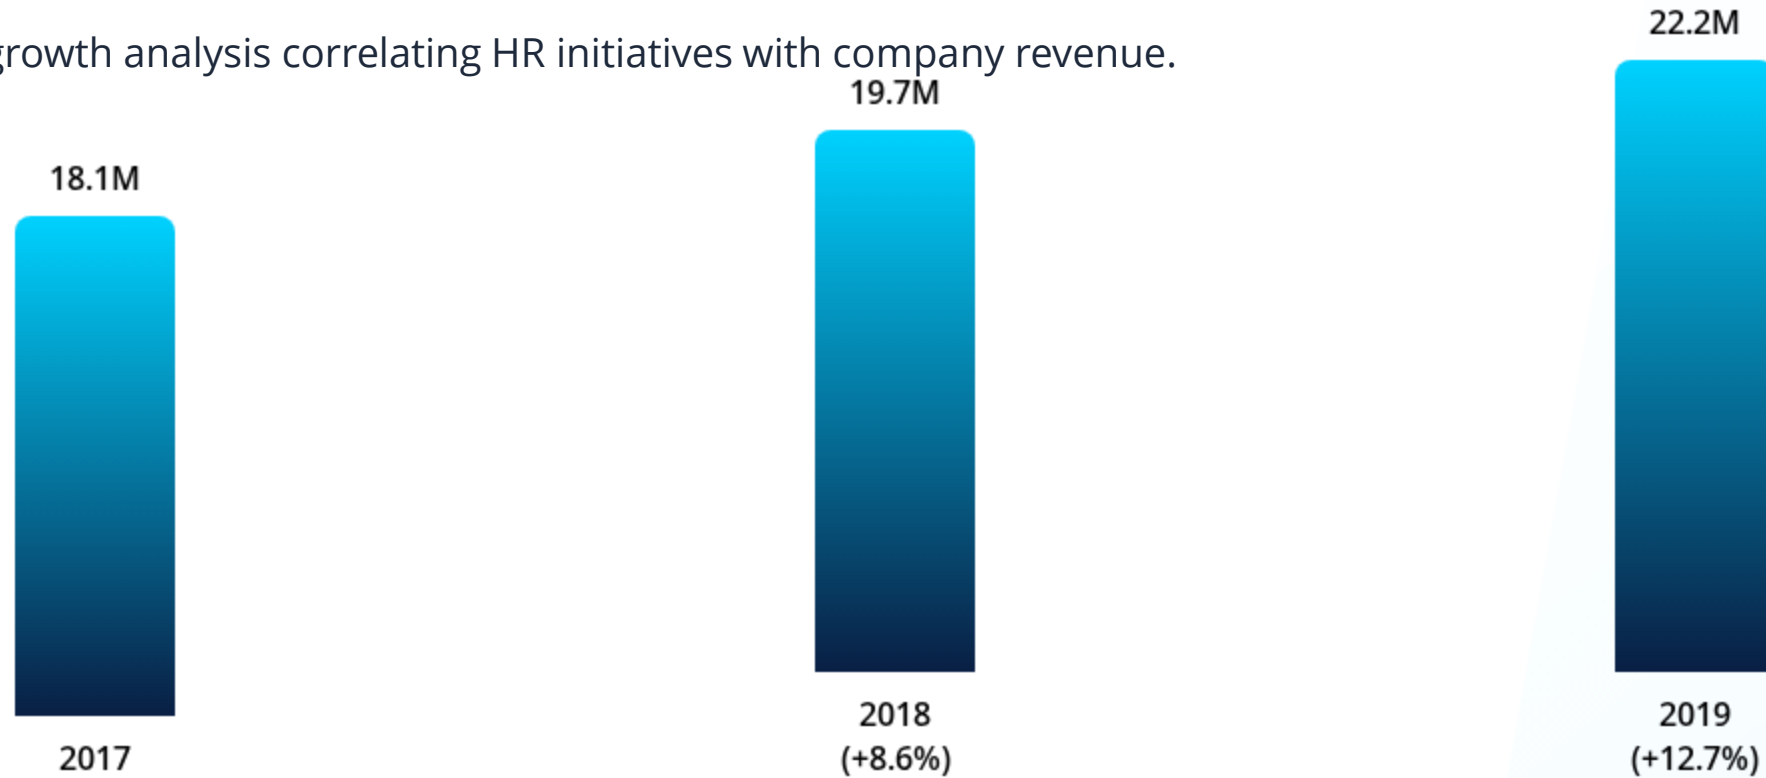

- ✓ **Direct Correlation:** High "Team Player Scores" (8+) resulted in 40% fewer Detractors in NPS surveys.
- ✓ **Manager's Intuition:** Managers were correct—employees with better interpersonal ratings had 15% higher role clarity.
- ✓ **Action:** Implement mandatory team-building modules for low-performing departments.

40%

Reduction in friction for teams with high
Collaboration Scores.

THE BOTTOM LINE: REVENUE TRENDS

Year-on-Year growth analysis correlating HR initiatives with company revenue.

Revenue acceleration in 2019 aligns with the implementation of advanced Training and Lateral Hiring initiatives.

STRATEGIC RECOMMENDATION

Recommended Mix

40/60

40% Campus (Cost-Efficiency) /
60% Lateral (Immediate
Productivity).

Campus Focus

Tier 1 Recruitment only.
Mandatory Grade 8+ and
Psychometric vetting.

Team Building

Quarterly "Team Synergy"
workshops to sustain the 12.7%
growth trajectory.

NEXT STEPS: FROM INSIGHTS TO ACTION

- ✓ **Immediate:** Roll out the 'Tier 1' Hiring Drive for the upcoming Campus season.
- ✓ **August:** Merge Attrition Data (M2) to identify why high-potential Lateral hires leave.
- ✓ **Q3:** Launch Tableau Dashboards for real-time tracking of NPS and Satisfaction.
- ✓ **Q4:** Review Revenue impact of the 40/60 Hiring Mix.
