

RentSpace Executive Profitability Report

Project Objective: The Board of Directors requested a quick and detailed insight into the profitability of rented premises based on location and property type. This dashboard provides a clear overview of high and low-performing areas to help the management make data-driven financial decisions.

KPI Summary

Total Revenue: **3,534,896**

Total Cost: **3,323,237**

Total Profit: **211,659**

1. Executive KPI Summary

The overall financial health of RentSpace properties is positive. Here is the high-level summary:

- **Total Revenue:** 3,534,896
- **Total Cost:** 3,323,237
- **Total Profit:** 211,659

Location Profitability

2. Location Profitability (High vs. Low)

As requested, we analyzed the profit margins across different neighborhoods. The bar chart clearly indicates:

- **Highest Profit Location:** Brooklyn is the top-performing location, generating the maximum profit of **112,960**.
- **Moderate Profit Locations:** Manhattan (44,985) and Queens (38,616) are performing steadily.
- **Lowest Profit Locations:** Bronx (9,431) and Staten Island (5,666) are generating the least profit and require strategic improvements.

Property vs Location Profit

Property Type	
Apartment	45,267
Bed & Breakfast	11,049
Boat	884
Bungalow	266
Cabin	38
Camper/RV	-274
Chalet	-1,497
Condominium	3,950
Dorm	785
	112,960

3. Property Type Analysis

We analyzed which type of properties are driving the most value. Based on the heat map analysis:

- **Top Performing Property:** Apartments are the most profitable property type (Profit: 45,267), followed by Bed & Breakfasts (Profit: 11,049).
- **Loss-Making Properties:** The management needs to review the operations for Chalets (Loss: -1,497) and Camper/RVs (Loss: -274), as they are currently draining the company's cash flow.

4. Key Insights for the Management

- **Focus on Brooklyn & Apartments:** The company should heavily market and invest in Apartment properties in Brooklyn, as they are the primary profit drivers.
- **Review Underperforming Assets:** Chalets and Camper/RVs are running at a loss. The Board should decide whether to increase their rental prices, reduce their maintenance costs, or remove them from the RentSpace platform completely.
